## **Education and Honors**

University of California, Berkeley

Class of 2019

PhD in Computer Science

Berkeley Graduate Fellowship: Highest grad student honor fellowship awarded by UC Berkeley

**National Taiwan University** 

Class of 2013

Bachelor of Science in Electrical Engineering and Computer Science

**International Physics Olympiad Gold Medalist** 

Jul 2009,

World rank 23 out of 395

Mexico

**Selected Publications** 

DeepBox: Learning objectness with convolutional networks

**ICCV 2015** 

Weicheng Kuo, Bharath Hariharan, Jitendra Malik

From Lifestyle VLOGs to Everyday Interactions

**CVPR 2018** 

David Fouhey, Weicheng Kuo, Alyosha Efros, Jitendra Malik

**Cost-Sensitive Active Learning for Intracranial Hemorrhage Detection** 

**MICCAI 2018** 

Weicheng Kuo, Christian Haene, Esther Yuh, Pratik Mukherjee, Jitendra Malik

ShapeMask: Learning to Segment Novel Objects by Refining Shape Priors

ICCV 2019 (Oral)

Weicheng Kuo, Anelia Angelova, Jitendra Malik, Tsungyi Lin

Expert-level detection of acute intracranial hemorrhage on head computed

PNAS 2019

tomography using deep learning

Weicheng Kuo, Christian Haene, Esther Yuh, Pratik Mukherjee, Jitendra Malik

**Work Experience** 

Google Brain Jul 2019-Present

Software Engineer, Robot Vision Team

Develop object geometry understanding algorithm for graphics and robotics.. Mountain View, CA

**Google Brain** May 2018-May 2019 Intern, Robot Vision Team Develop instance segmentation algorithm when annotations are not available. Mountain View, CA **Apple** May 2016-Aug 201 Research Intern, Camera Vision Team Collect data and develop object tracking algorithm for video summarization Cupertino, CA **Google Research** May 2015-Aug 2015 **Research Intern** Develop fast de-reflection algorithm in C++ for the PhotoScan app. Cambridge, MA Mckinsey & Company May 2012-Aug 2012 **Business Analyst** 

Shanghai, China

Develop China President office and 5-year China entry strategy for a global company
